Dear attendees,

you are invited to participate to the CEREBELLUM meeting that will be held in London, Academy of Medical Sciences, December 12-13.

The meeting is organized in occasion of the end of the CEREBNET project of the EU.

The meeting is centered on cerebellar functions. The first day is dedicated to research carried out by CEREBNET students, the second day is dedicated to presentations by the PIs and by scientists outside the CEREBNET consortium.
